

# Engineering Products & Services

INTERFLEX is in the supply and service of high quality industrial tools and our goal is to provide the highest level of service, the broadest selection of products at the most competitive prices.

INTERFLEX has built an enviable reputation in the UAE for being a reliable business partner, offering complete engineering products & system solutions catering to various sectors including

Our trained and skilled technical sales engineering team ensures solution for every application. We represent various brands from USA, Europe and Asia in the Middle East. Our strengths lie in having world renowned products, large inventory and vast industrial engineering expertise.

MACOGA is a worldwide leading supplier of Expansion Joints, as well as, comprehensive specific solutions. MACOGA designs, manufactures and supplies state-of-the art **Metal, Rubber and Fabric** Expansion Joints.

## SERVICE

### DESIGN & CALCULATION

E.J.M.A  
 (Expansion Joint Manufacturers Association, Inc.)  
 ASME VIII  
 Div. 1, App. 26  
 EN 14917  
 European Standard for Metal Expansion Joints.

## ON-SITE SERVICE

MACOGA Site Staff of expert technicians is available on and as-needed basis. Our service group consists of highly-qualified technicians and engineers specialized in expansion joints.

## PREMIUM SERVICE

During emergency situation (plant shut-down, parts failure, etc) you can't afford to wait in line for a standard delivery to get your Expansion joints.

### Features and Benefits:

- Immediate reply to your inquiry
- High Priority Production
- Guaranteed Delivery.

PIHASA is the leading Spanish manufacturer of pipe supports and hangers for the power generation, petrochemical industry and Industrial Pipes. PIHASA products are particularly relevant when there are thermal movements due to high or low temperature operation conditions.

- Strainers
- Variable spring supports
- Constant spring supports
- Hanger
- Struts
- Shoes, u-belts and components for guided and anchors
- Hydraulic snubbers
- Sliding plates for pipe and equipment supports
- Thermal supports for high temperature service
- Insulated supports for cold or cryogenic service
- Special and custom fabricated supports

## HYDROSTATIC TEST PUMPS

Rice Hydraulics Is the World Leader in the hydrostatic test pump manufacturing market. With over 30 years of experience, RICE has designed over 30 different stock models of test pumps for the water, gas and process industries. RICE has the knowledge to build your order to suit. Our test pumps are engineered for precision performance and durability. Diaphragm, roller, piston and plunger pumps are available with power sources in gas, electric, diesel or air driven. Integrating product excellence, superior customer service, large stocking inventory with same day shipping.

## TORQUE EQUIPMENT

Norbar is devoted exclusively to the design, development and production of torque tightening and measuring equipment. Reliability and accuracy are critical to success, and world-class manufacturers around the world know that they can rely on Norbar to provide the equipment that meets these requirements.

- Torque Wrenches
- Manual Torque Multipliers
- Pneumatic Torque Multipliers
- Electronic Torque Multipliers
- Reaction Accessories
- Torque Measurement
- Calibration Equipment
- Ultrasonic Bolt Measurement

With torque application tools from 0.3 to 300,000 N·m we have the widest range of torque tools in the world. The entire range is supported by our electronic torque measurement programme and all transducers up to 100,000 N·m can be provided with UKAS accredited certification to ISO17025 to give you the level of traceability that every modern business requires.

## PIPE COUPLINGS

Romac is a world leader in the design, manufacture and supply of pipe couplings, flange adaptors, pipe repair and flow control solutions. Since its inception, Romac pushed to develop new ideas into inventive products that no one in the industry had seen.

- Dismantling joints
- Equipment connection fittings.
- Repair couplings
- Flexible Couplings
- HDPE Pipe Products
- Sewer Products

## TUBE EXPANDERS

The TECO tube expanders company is in tooling for the Heat Transfer Industry. Teco is the makers of the Expanders, Cleaners & Accessories for the manufacturing of boilers, condensers and heat exchangers. TECO offers an unchallenged level of service and support. TECO guarantees customer the most efficient and dependable tube expanders and accessories on the market today.

## PRESSURE WASHERS

Cam Spray is a leading manufacturer of industrial grade cold and hot water pressure washers, steam pressure washers and washing systems. Cam Spray pressure washers are of the highest quality, built with powerful motors and durable components.

## RENTAL SERVICE/ CALIBRATION SERVICE

Industrial Equipment Hire Tool Specialists offering rental

- Hydraulic Torque wrenches and multipliers
- Hydraulic Bolt Tensioners (Sub Sea and Top Side)
- Calibration services for hydraulic, pneumatic manual torque
- Hydraulic Jacks and Pumps
- Hydrotest Pumps
- Load banks

## INDUSTRIAL PIPELINE FLUSHING

Flushing hydraulic pipework before starting a new or modified system removes harmful contaminants and helps to prevent potential hydraulic system failure on start up. Interflex has extensive experience of Oil Flushing with the Hydraulic Pipelines, Industrial Pipe Flushing and Lube Oil Flushing System associated with Industrial, marine and offshore installations.

Our experienced and skilled technical staff guarantees a complete service package that includes the issue of final certification according to NAS code

### OUR SERVICE GUARANTEES THE FOLLOWING:

- Reduced Unscheduled Downtime
- Increased Equipment Life
- Reduced operation costs
- Improved Reliability
- Increased Effectiveness
